

Be Secure That Your Products are Safe

Sustainable Saeplast Pallets

To have peace of mind that the value of your product is safely secured using a reusable, recyclable and sustainable pallet, look no further than Saeplast pallets. These pallets have been

designed to be rugged, food safe, lightweight, and employee-friendly polyethylene for your processing floor or for your closed loop supply chain.

DP40C-FR		PE	
Dimensions	External		
	inches	cm	
Length	48	122	
Width	40	102	
Height	6.7	17	
Weight: lbs/Kg	48	22	

DP40F		PE	
Dimensions	External		
	inches	cm	
Length	48	122	
Width	40	102	
Height	6.5	16.5	
Weight: lbs/Kg	48	22	

DP40C-FV		PE	
Dimensions	External		
	inches	cm	
Length	48	122	
Width	40	102	
Height	6.5	16.5	
Weight: lbs/Kg	48	22	

Saeplast Smooth wall technology allows

- Simple sanitation – less water, detergent and sanitizer required

Various color options

- Conforms to HACCP / food safety requirements

1

2

Rotational Molded Polyethylene (blue pallet in picture 1) does not shatter like injection molded options (picture 2) or break off like wood (pallet on the left in picture 1)

3
